

COLLECT SPONSORSHIP BY USING **justgiving**

There is a simple and easy way of taking the hassle out of fundraising.

The Rotary Club of Ilfracombe who organise the STARTREK CHALLENGE has teamed up with award-winning charity donation service Justgiving to let every walker collect donations securely online.

You do not have to be a Web wizard to fund raise online: setting up a sponsorship page is easy and takes a minute. Then your friends, family and colleagues can visit it and make a donation or pledge with a credit or debit card.

You can use your online sponsorship page in addition to or instead of a paper based sponsorship form.

Create a free sponsorship page on the internet by visiting:-

www.justgiving.com/rotaryclubofilfracombetrustfund

Please do not create your page until your application for the STARTREK CHALLENGE has been accepted and we have issued you with your team number and individual reference as this should be included at the end of the web address you create.

Forget the hassle of cash and cheques: email everyone in your address book and collect donations securely online.

Happy fundraising.
